

Dear Mike:

Keep the clippings coming; they sure are working you enough.  
The front page one next to Ralph McGill's column was very  
interesting. I am mounting and saving it.

Well I am not through competing with you yet; only I have decided  
to stay away from printed media and take to the air (now that you are  
off WAOK). I spoke for half an hour over TV last week: Station  
WNYC - TV. That appearance got me a couple of radio  
appearances shown in the accompanying memorandum.

Johnno has a new job in a big cooperative market. He is  
a produce man, works the vegetable and fruit section, lettuce etc  
and has to wear a white shirt and tie. Works  
10 a. m. to 7 p. m. and makes \$50 a week. Drop him a  
Margo is still with Head start here and Mim will teach  
in Washington this summer.

My lettuce, squash and tomatoes are growing like gangbusters.

So, long for now.

Love

Dad
